

# ARRL GRID LOCATOR for North America

This ARRL Grid Locator map is based on the worldwide " Maidenhead " system. The first two characters (letters) constitute the 20° X 10° field. This is followed by two numbers designating the 2° X 2° square. To indicate location more precisely, 3rd and 4th characters (letters) are used to indicate the 5' X 2.5' sub-square. More information on grid locations and the ARRL VHF/UHF Century Club Awards (based on contacting 100 grid squares) can be obtained from the Headquarters of the American Radio Relay League, 225 Main Street, Newington, CT 06111, U.S.A.
