

**Suggested format for calling the
Central Virginia 6-Meter SSB Net**

Good morning, this is _____, calling the Central Virginia Six Meter Sideband Net.

This directed net is open to all licensed amateur stations. The net is called each morning, except Sunday, at 8:00 AM.

Members, when checking in please give your member number and your call sign phonetically. Non-members, just your callsign phonetically and your name please.

Stations needing to close early or wishing to be in-and-out, let Net Control know as you check in.

Calling for stations to check in

1. Call for in-and-out stations.

2. Call for early close stations.

3. Call for general check-ins.

While Taking Comments from participants

Ask for comments from each station, except the in-and-out stations, in order in which they checked in.

Try to limit comments to a reasonable time. Ask for additional stations to check in frequently.

When all stations have had their turn to make comments, call for any additional check-ins several times before closing the net by saying. "This is _____ net control for the Central Virginia 6 meter SSB Net closing the net and returning this frequency to normal service.
